ABOUT US

Welcome to Evolution, where we are passionate about creating beautiful and sustainable tiles. As a leading tile manufacturer, we specialize in producing high-quality tiles for various applications. Our team of skilled artisans and engineers work tirelessly to create tiles that are not only aesthetically pleasing but also durable and eco-friendly.

At Evolution, we offer an extensive range of tiles in various sizes, shapes, and colors, designed to suit every style from traditional to contemporary. Our commitment to quality and sustainability has earned us a reputation as a trusted tile manufacturer in the industry. We are dedicated to delivering excellence in everything we do and providing expert guidance to help you make the right decision for your project.

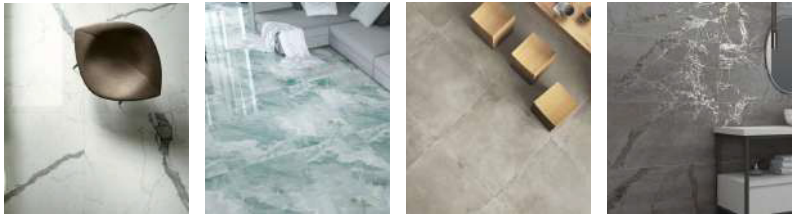

THICKNESS

A new concept of creativity tailored like a second skin in 8.5 to 9 mm thickness.

When it comes to choosing the perfect tile, thickness matters. At Evolution, we understand the importance of selecting tiles that are not only beautiful but also durable and long-lasting. That is why we offer tiles in various thicknesses to suit different applications. Our thicker tiles are ideal for high-traffic areas such as commercial spaces, while our thinner tiles are perfect for residential use. Whatever your needs may be, our team of experts will help you choose the right tile thickness to ensure that your project looks great and lasts for years to come. Choose Evolution for tiles that are not only beautiful but also built to last.

TECHNICAL FEATURES

STRONG
WIDE is ideal as both a floor and wall covering in residential and commercial projects. The 6 and 7 mm thickness enables it to maintain excellent breaking strength in real situations.

LITE GOES
The 6 and 7 mm thickness results in a reduced weight per square metre, bringing significant advantages in terms of ease of working and handling.

IS LEVELING
The combination of a body with high plasticity, thickness and dimensions makes for a highly elastic product that delivers consistently flawless results.

EASY AS
The chemical formulation of the body combined with the raw material dry compaction process produces a porcelain slab that is easy to cut and work with.

MEANS GREEN
As the body contains a minimum of 40% high-quality raw materials recycled from other production processes, WIDE collection products qualify for LEED international certification.

NEW DIMENSIONS

One of the aims of the WIDE project is to supply a hi-tech ceramic material that is easy to use in very different sizes and applications. WIDE comes in a large selection of sizes, all rectified, ideal for uses ranging from residential through to large-scale works in public and commercial spaces.

EVERYWHERE YOU LIKE

Taking account of the materials key qualities, including strength, thermal shock resistance, low thickness and ease of working, the WIDE large-size slabs extend the fields of use of porcelain. The WIDE collection has fewer joints while giving enormous creative freedom to architects and interior designers, who appreciate the versatility of this ceramic surface without limits.

ANTIBACTERIAL FOR LIFE

An exclusive line of extremely high performance antimicrobial floor and wall tiles, designed for healthy, safe and protected living spaces.

THE SAFEST PLACE IN THE WORLD

Our floor and wall coverings incorporate technology, the world's leading antimicrobial technology, to guarantee, besides beauty and durability of our ceramic products, biological safety for our living, leisure and working environments.

POWERFUL ACTION

Eliminates up to 99.9% of bacteria and prevents their reproduction

CONTINUOUS PROTECTION

Always active, 24 hours a day, with or without sunlight

ETERNAL EFFECTIVENESS

Thanks to technology integrated into the product.

GUARANTEED QUALITY

Worlds leading antimicrobial technology to guarantee.
